

FACT	BENEFIT
<i>Plush Box Top</i>	Luxurious moisture dispensing VISCOSE BREATHE blue gel and Hyper Soft polyurethane layers offer a comfortable yet supportive plush boxed top layer.
<i>Nested Pocket</i>	The pockets springs are individually packed by hand in a honey comb configuration giving a 30% greater spring count and support.
<i>Foam Encased</i>	The spring unit is encased in a high density firm polyurethane foam as a reinforced edge support.
<i>Minimal Transfer</i>	The Pocket Spring unit, being individually packed and glued together limits the movement transfer and your partner will not be disturbed if you toss and turn.
<i>Electronically Tempered</i>	The pockets spring units are electronically tempered for more rigidity and to ensure a minimal compression set.
<i>Open cell technology</i>	VISCOSE BREATHE blue gell is manufactured with an open cell structure which allows for ventilation ensuring an ultra hygienic sleep environment.
<i>Imported Ticking</i>	The soft touch imported ticking is micro-quilted to ensure optimum heat dissipation.
<i>Hygienic & Non Toxic</i>	All foams used in the manufacturing process are produced in-house at Strandfoam Group and is completely stable, non-toxic and Hygienic.
<i>Non Turn</i>	Simple rotation of the mattress will ensure both comfort and longevity without having to turn the mattress.
