

FACT	BENEFIT
<i>Plush BREATHEABLE sides</i>	Luxurious moisture dispensing VISCOSE BREATHE blue gel and Hyper Soft polyurethane layers offer a comfortable yet supportive plush top layer.
<i>Dual Tempered Bonnell</i>	The Bonnell spring units are both heat and electronically tempered for more rigidity and to ensure a minimal compression set.
<i>Active Technology</i>	The springs are hand packed with the knots facing each other to eliminate any tilt on the spring unit.
<i>Pre Set</i>	The Bonnell unit is compressed flat to eliminate initial sagging in a mattress.
<i>6 Turn Bonnell</i>	A six turn BONNELL has 33% more working wire than a five turn spring.
<i>Double Knot</i>	The Bonnell springs are knotted at the top and bottom to avoid knot slipping.
<i>Open cell technology</i>	Polyurethane Foams are manufactured with an open cell structure which allows for ventilation ensuring an ultra hygienic sleep environment.
<i>Knitted Ticking</i>	The soft touch jacquard ticking is micro-quilted to ensure optimum heat dissipation.
<i>Hygienic & Non Toxic</i>	All foams used in the manufacturing process are produced in-house at Strandfoam Group and is completely stable, non-toxic and Hygienic.
<i>Non Turn</i>	Simple rotation of the mattress will ensure both comfort and longevity without having to turn the mattress
